

## **Towns of Corby & Kettering, Northamptonshire, England 2019-2021 Funding Stream: *Healthy Youth Northamptonshire***

**Total Revenue: \$180,000 USD/ £144,000 GBP over a 2-year granting cycle**  
**Targeted Grant Size: \$40,000-50,000 USD/ £32,000-40,000 GBP over 2 years**  
**Lead: Meghann Horner-Smith**

**Strategy:** The intention of this funding stream is to focus work in the Towns of Corby and Kettering, to improve outcomes for young people and young mums. Existing programs and services already working in these towns, as well as other organizations looking to expand their reach into these under-resourced regions are encouraged to apply. Projects should be well rooted in community need, with an emphasis on service user feedback informing and refining the service models. It is the hope, through this strategic funding, that Corby & Kettering will be models of sexual health & antenatal education deeply rooted in the community.

### **Types of programs that should apply:**

- Charitable organizations working with underserved youth aged 11-25
- Organizations working in the Towns of Corby & Kettering, Northamptonshire
  - Organizations already working in these cities, or wishing to expand services into Corby and/or Kettering
- All successful grants will be required to monitor outcomes in a specific way, so that data can be compared and harmonized for the region

### **Two Funding Focuses:**

1. Sexual Health & Education for Young People
2. Health, Education & Social Supports for Young Mums

### **Example projects may include, but are not limited to:**

- Prevention: Pregnancy education, sexual education
- Support: Antenatal and parenting education
- Education: Sexual and reproductive health workshops to help individuals make the best choices for sexual wellness
- Gender equity and education, with a focus on people of all genders, orientations, identities and abilities
